General Certificate Qualification practice

French Unit 1

Listening test

Higher Tier

This is what you should do for each item: after the question number is announced, there will be a pause to allow you to read the instructions and the questions. Listen carefully to the recording and read the questions again, listen to the recording again and answer the questions. When the next question is about to start, you will hear a bleep like this BLEEP. You may write at any time during the test. Answer all questions in English. You must answer the questions in the spaces provided. Do not write outside the box around each page or on blank pages. Write neatly and put down all the information you are asked to give.

You now have 5 minutes to read through the question paper. You may make notes during this time.

The test starts now
